SFDP2-055-060-51

Brand: SEAFLO

Model: SFDP2-055-060-51

Application:

Pressure pumps can be used in :

Yacht / RV/Caravan pressurized water system

Sprayer fixture (Vehicle-mounted sprayer, electric sprayer)

Clean machine, Humidifier, Water purification, Medical apparatus

Food beverage filling & liquid transfer

Any other pressurization system

Application:

Pressure Pumps are used for:

Hunting / RV / caravan water pressure systems.

Spraying equipment (moving sprayers, electric sprayers)

Cleaning machines, humidifiers, water purification and medical equipment.

(Soft) drinks, dietary liquid dosage and fluid transport.

Others fluid pressure systems.

Execution:

Supply voltage: 24 DC.

Maximum pump volume: 20 liters / min. Can be set for volumes of 3, 0 - to 20 l. / Min

Maximum pump pressure: 6.9 bar.

Options: 51.S.01 inlet nipple or inlet / outlet nipple 13 mm. slangtule xq / 2 NPT

Protection: pressure switch. Press / off safety switch or bypass security.

If power supply is protected, the pump can be selected without pressure protection. For

Duty cycle: intermittent load (at different pressures the continuous pumping cycle is also to be regarded as interrupted)

Pump volume	Pump pressure	Volt	No load	Engine charged
20.0 l./min	4.2bar	24 V	5.0 A	10.0 A
